

DESCRIPTION OF STUDY COURSE

Course unit title	Statistics	
Programme	Bachelor International Finance	
Year of study	1 st year	
Academic year	2022./2023.	
Level of course unit (e.g. first, second or third cycle)	First, Bachelor's study	
Course unit code	BFa012	
Name of lecturer(s)	Filip Nikolovski	
Credit points	4 CP	
Number of ECTS allocated	6 ECTS, Latvian credit points are multiplied by 1,5 to get ECTS	
Language of instruction	English	
Type of course unit (compulsory, optional)	Compulsory	
Semester when the course unit is delivered	2	
Mode of delivery	Face-to-face.	
Aim of Course	The aim of the course is to enable student to collect, store, access and complete basic data analysis for the purpose of efficient decision making in business and economics.	
Preliminary knowledge (prerequisites and co-requisites)	Students are expected to possess solid knowledge and skills in calculus.	
Course contents	<ol style="list-style-type: none"> 1. Overview of statistics 2. Data collection 3. Describing data visually 4. Descriptive Statistics 5. Probability 6. Discrete probability distributions 7. Continuous probability distributions 8. Sampling distributions and estimation 	
Planned learning activities and teaching methods	Teaching methods	Student work load (1 CP = 40 hours of student work)
	Lectures	20 %
	Practical works and tests	30%
	Work at the library, independent study	50 %
		Total 160 hours
	Final course evaluation consists of 30% seminars and home works, 30% intermediate exam, 30% final exam, 10% attendance.	
Learning outcomes of the course unit	1. Students understand statistical data collection methods.	

	<p>2. Students are able to sort data and illustrate it graphically; students are able to calculate statistical database collations.</p> <p>3. Students are able to independently analyze and assess situation in each specific case.</p>			
Assessment methods and criteria	Learning outcomes	1.	2.	3.
	The form of assessment			
	Seminars and home works	10	10	10
	Intermediate exam	10	10	10
	Final exam	10	10	10
