## A P A R T M E N T S

Dear students,

On behalf of myself and my family, I would like to thank you once again for all of the work you put into participating in the project for Greenhouse Apartments.

It was such a pleasure seeing all of your ideas and enthusiasm. We're certainly inspired by what you created. Not only did you provide us with valuable insights on things we were already considering, but also offered a fresh perspective that helps us look at our business from a different angle.

We truly hope that, just like us, each of you gained something valuable from this experience. Unlike working on strategies for theoretical companies from textbooks, your efforts in this project helped a real company. Chances are, many of you will start businesses or side projects of your own some day, and we hope that some of the thought processes and struggles you went through will help with your own ventures in the future.

Again, we appreciate your hard work and hope to see you again for a shorter or longer stay with us! Not only because of Jūrmala's beauty and fresh air, but also - we'll be happy to show you which of your ideas we have implemented!

Thank you, we wish you the best of luck with your studies and achieving your goals!
